An Operator I is responsible for accurately collecting well data on an hourly basis, dumping sand from separators as well as pulling sand filter screens for cleaning and performing basic equipment maintenance. This individual will also gauge frac tanks and assist other operators in all aspects of role in a safe manner.

1.1 Specific responsibilities

- Accurately collect well data based on well flow.
- Perform basic equipment maintenance.
- Check differential pressure on a regular schedule, pull screens as needed and effectively clean them.
- Gauge frac tank.
- Continued support to Lead Operator in all aspects of role.
- Always follow safe work practices and familiarize self with JSA's.
- Identify safety concerns and escalate to Lead Operator or Supervisor.
- Maneuver location safely and know where hazard is.
- Responsible for reading and interpreting documents such as safety rules, operating and maintenance manuals, and procedure manuals.
- Maintain work area clean and organized.

1.2 Education, Training and Experience

- 6 months- 18 months of previous oilfield experience is required.

1.3 Skills and Abilities

- General understanding of pressures in tubing and casing as well as where to find pressures and what those pressures mean.
- Comprehend the separation process of oil, gas, water and solids.
- Know the flow path from the well head to the separation equipment.
- Capable of performing filter operation.
- General knowledge of pumps, valves, rigging mechanisms, pressure testing, etc.
- Competency in collecting and understanding well data.
- Basic understanding of how to and when to equalize flow back tanks.
- Able to judge fluid rates and trucking disposal track times.
- Recognize differential pressure to know when to pull screens for cleaning.
- Able to read and understand the importance of an evacuation plan.
- Ability to apply common sense understanding to carry out instructions furnished in written, oral, or diagram form.
- Ability to add, subtract, multiply, and divide in all units of measure, using whole numbers, and decimals.
